

# CCI-Link™ Remote Display

## DESCRIPTION

The CCI-Link Remote Display provides real-time control and monitoring of CCI-Link compatible devices remotely and securely. View status, live parameter lists, alarms, warnings, and change controller settings with simple intuitive controls.

A bright, easy to read, wide angle display and sealed front panel buttons provide both environmental protection and precise control of any visible device on the network.

## FEATURES

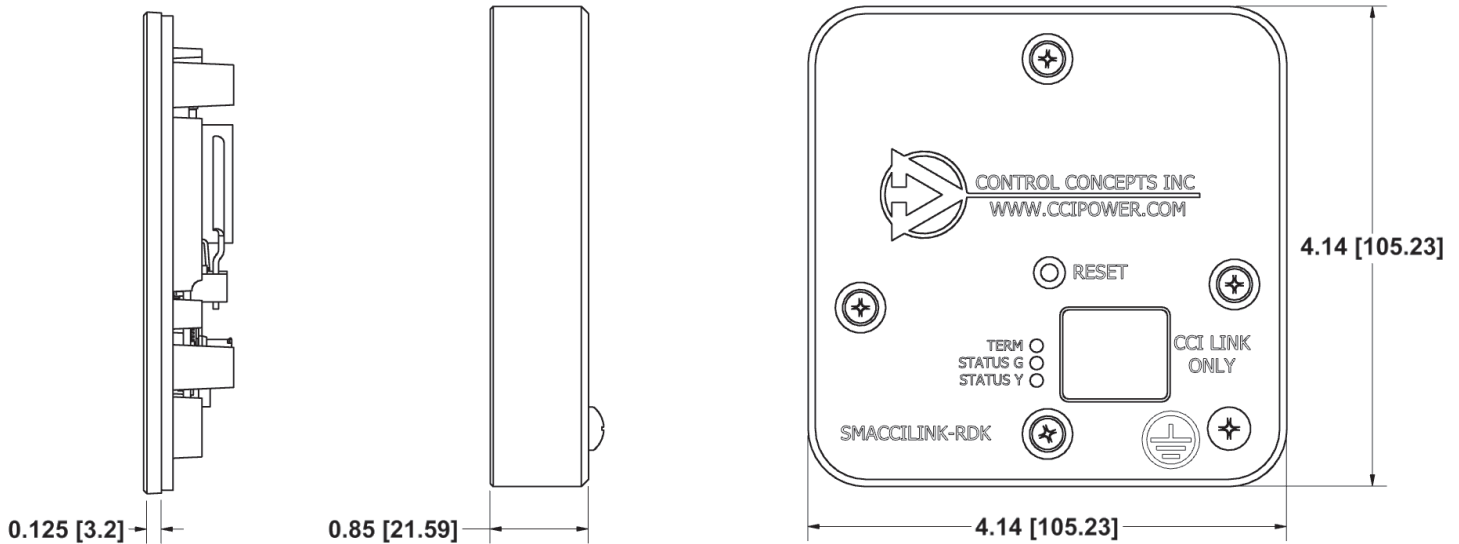

- Power supplied by the CCI-Link connection eliminates the need for a separate power supply and wiring.
- IEC 61076-3-124 IX Industrial Ethernet Cat-6 network cabling in 5, 15, and 25 foot lengths.
- IP Rated aluminum housing and sealed front panel controls.
- Connect up to 10 Remote Displays with up to 10 CCI-Link devices<sup>1</sup>.
- Industry standard DIN mounting.
- CE and UL certified.

<sup>1</sup> When connected to a network containing a Control Concepts Connect Gateway Module the number of addressable CCI-Link devices may be reduced by the Gateway. See the CCI-Link Display manual for details.

## DIMENSIONS

Dimensions: Inches [mm]

## SPECIFICATIONS

ENVIRONMENTAL	
Power Consumption	21 mA at 24 Vdc - powered from CCI-Link connection
Ambient Air Operating Temperature	32 ° F [0 °C] to 122 °F [50 °C]
Humidity	20% to 90% RH Non-Condensing
Rated Operating Altitude	Up to 6000 ft [1829 m]
Contaminates	RoHS Compliant, CE Pollution Degree 2
Storage Temperature	-4 °F [-20 °C] to 176 °F [80 °C]
Ingress Protection Rating	IP 65
Mounting Options	Panel Mount (1/4 DIN knockout)

## ACCESSORIES/ORDERING

Remote Display Kits	
Cable Length	Part Number
4.92 ft [1.5 m]	SMACCILINK-RDK5
16.4 ft [5 m]	SMACCILINK-RDK15
24.6 ft [7.5 m]	SMACCILINK-RDK25

Display to Device Cables	
Cable Length	Part Number
4.92 ft [1.5 m]	0058009-0050-1492
16.4 ft [5 m]	0058009-0050-2164
24.6 ft [7.5 m]	0058009-0050-2246

Display to Display Cables	
Cable Length	Part Number
3.28 ft [1 m]	0058008-0050-1328
